5 Reasons Why Canada is the BEST place to live...

- ✓ Vast and beautiful; Canada is the second largest country in the world with 9.9 million square kilometers of never ending forests, lakes and rivers. With access to three oceans, spectacular mountain ranges and internationally renowned cities, Canada is full of beauty, diversity and opportunity.
- ✓ Music; Neil Young, Joni Mitchell, Celine Dion, Bryan Adams, Drake to Justin Bieber. Canada is well represented across all genres of the music scene.
- ✓ Maple Syrup; just so happens to be one the Canada's defining features! No comparison, good quality Canadian maple syrup, it's worth it!
- ✓ Stereotypes; Is there anything bad about being a stereotypical Canadian? Apologizing too much, using good manners and being accepting of others doesn't appear to be that much of a problem!
- ✓ Diversity; We are lucky to live in a nation that integrates and accepts many different people, languages and cultures into its inner fabric.

Happy 150th Birthday Canada...an incredible country! Here's to another 150 years of greatness!
