Warton Willie predicts 6 more weeks of winter!

Extremely cold weather still blesses us at this time of year; pay close attention to the local weather forecast! Ensure your apartment windows are closed. Never turn the heat off completely in your unit. Frozen water pipes are a serious threat during exceptionally cold weather.

Daylight Saving Time!

On the second Sunday in March, daylight saving time begins and the clocks 'spring forward' one hour. This happens at 2am, so you should change your clocks before going to bed Saturday evening. For 2016, daylight saving time begins on March 13th.

Absolutely revolting!!!

Grounds at the east end of the building in particular, are covered in dog feces.
